DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 7, 8, and 13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 7 is redundant since the feature has been previously set forth in claim 1. Claim 8 – "said patient contact said" is vague. Claim 13 – "the second set of plurality of electrodes" in the 3rd line from the bottom lacks antecedent basis.

Allowable Subject Matter

Claims 1-6 and 9-12 are allowed.

Claims 7, 8, and 13 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Stratbucker (6,532,379) and Dominguez (6,560,473) disclose similar devices.
